Free Virtual College Fairs: March 7 & March 11

BigFuture Days: College Board is hosting virtual events for high school students to connect directly with college admissions representatives and take action on the most important steps for college.

BigFuture Day events are four hours long. You can drop in and out of the event at the times that work for your schedule. The College Panels and College Planning sessions will be recorded for future viewing. You need to register in advance to attend the live events and access the recordings.

Visit College Booths: Connect directly with colleges you're interested in by using the chat feature to talk with admissions representatives.

Attend College Panels: Hear from representatives at a range of colleges through regional and state panel discussions. Use the chat to ask questions and listen and Learn at College Planning Sessions.

Take key college planning steps at our sessions. Hear from experts on topics like financial aid and scholarships, essays and interviews, college applications and planning timelines and more.

NACAC special-interest college fairs: STEM Fair (March 7); Performing & Visual Arts Fair (March 16)

NACAC Virtual College Fairs (virtualcollegefairs.org) is a signature service from the association. The virtual fairs offer a dynamic, new, digital meeting space that connects counselors, students, and their families with colleges and universities around the world. For students especially, the virtual fairs are a welcome beacon during an uncertain time and a reminder that making college plans is still important. NACAC Virtual College Fairs inspire students to explore their options and to get started on their college dreams.

Minor:
French

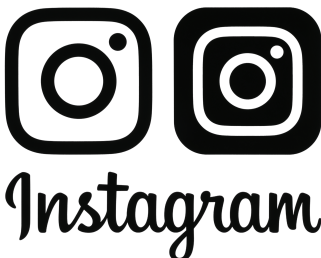

Get the Going Merry App! Scholarships Made Easy

<https://www.goingmerry.com>

Get matched with college scholarships instantly and apply online with a common app for students. Going Merry is your one-stop shop for scholarships.

They aren't just one of the best scholarship search engines, but they're also the only scholarship application platform—all offered to students for free.

Going Merry began as a research project at Stanford University, when the founders were applying for scholarships and realized just how broken the whole scholarship app process is. Check it out today!
